Virtue Ethics and Professional Roles Aug 24 2019 Professionals, it is said, have no use for simple lists of virtues and vices. The complexities and constraints of professional roles create peculiar moral demands on the people who occupy them, and traits that are vices in ordinary life are praised as virtues in the context of professional roles. Should this disturb us, or is it naive to presume that things should be otherwise? Taking medical and legal practice as key examples, Justin Oakley and Dean Cocking develop a rigorous articulation and defence of virtue ethics, contrasting it with other types of character-based ethical theories and showing that it offers a promising new approach to the ethics of professional roles. They provide insights into the central notions of professional detachment, professional integrity, and moral character in professional life, and demonstrate how a virtue-based approach can help us better understand what ethical professional-client relationships would be like.

Moments of Grace Jul 04 2020 Sharing our stories, who we are, what we love, how we feel, why we fear, connects us to one another. Weaving moments of grace with spiritual practices that have grounded her through life's challenges, Laurie Blefeld invites the reader into her sacramental stories. You will find yourself in Laurie's stories and reclaim bits and pieces of your own. "Our days are a stream of moments - some devastating, some down to earth and some filled with ineffable meaning. Laurie Blefeld has written a book full of tender moments that warm the heart and remind us to be grateful for and conscious of how laced with grace our lives really are. This is a book to enjoy and treasure."-Gunilla Norris, author of Sheltered in the Heart and Companions on the Way: A Little Book of Heart-full Practices "Laurie's transformational stories, told in her authentic and lyrical voice, are evocative of the highs and lows in everyone's life. Laurie's generous prose connects us to her family's living history - and through it to our own. She is a natural spiritual teacher. Moments of Grace is luminous, warm, comforting and filled with such good practices."- Dr. Joan Borysenko, from the Foreword
