American Iron Magazine Presents 1001 Harley-Davidson Facts Nov 19 2021 When anyone thinks of motorcycling, whether they are enthusiasts or only casually interested, the name Harley-Davidson immediately comes to mind. Harley-Davidson is among the oldest surviving motorcycle manufacturers; the company began in 1903 and continues to this day. As you can imagine, over the course of more than 100 years, the company has seen prosperous times as well as lean times, changes in focus and direction, evolution and revolution. All of that leads to a lot of company history and trivia. American Iron Magazine associate editor Tyler Greenblatt has compiled 1,001 Harley-Davidson facts into this single volume, with subjects ranging from the historic powertrains to pop culture to Harley-Davidson as a company and manufacturer. Facts begin with the early years, when a motorcycle was not much more than a bicycle with an engine attached, to the war efforts of World War I, when 15,000 were put into service. During the 1920s, Harley-Davidson grew into the largest manufacturer in the world, and that momentum helped carry it through the Great Depression and into World War II. Postwar development and AMF ownership are also covered in detail, as well as the restructuring and revival of the brand in recent years. Whether you're a casual rider, racer, or restorer, Harley-Davidson enthusiasts will be sure to find something in this book for that next conversation with fellow hobbyists. This book will keep Harley-Davidson enthusiasts entertained for hours, and is a great edition to any motorcycling library. p.p1 {margin: 0.0px 0.0px 0.0px 0.0px; font: 12.0px Arial}

Indian Motorcycle Jan 28 2020 This officially licensed 120th anniversary edition of Indian Motorcycle tells the complete story of Indian Motorcycle, America's first mass-produced motorcycle maker, from its start as a bicycle manufacturer to the purchase of the brand by Polaris Industries in 2011 and the subsequent new Indian motorcycles—updated to include new photography, the story of the latest models, including the FTR1200, Chieftain, Challenger, and Roadmaster, and Indian Motorcycle's return to racing. In the early years of the 20th century, Indian Motorcycle dominated the world's racetracks and showrooms, earning the brand a worldwide reputation for quality, performance, reliability, and technical innovation with such classic machines as the Chief, Scout and Four. But the once-mighty company fell on hard times and in 1953 was forced to file bankruptcy. The Indian Motorcycle brand never quite died, however, thanks in large part to fanatically devoted enthusiasts, who tried to resurrect it for over half a century. Finally, Polaris, maker of the highly regarded Victory brand of motorcycles, purchased the brand and released the Chief and Scout, models that once again restored Indian Motorcycle to its rightful place in the motorcycle pantheon. Indian Motorcycle is the most complete and up-to-date history of this classic American motorcycle.
