It is generally held to be the most famous of a number of narratives written by former slaves during the same period. In factual detail, the text describes the events of his life and is considered to be one of the most influential pieces of literature to fuel the abolitionist movement of the early 19th century in the United States. Narrative of the Life of Frederick Douglass encompasses eleven chapters that recount Douglass's life as a slave and his ambition to become a free man.

The Best Class You Never Taught Jan 22 2022 The best classes have a life of their own, powered by student-led conversations that explore texts, ideas, and essential questions. In these classes, the teacher's role shifts from star player to observer and coach as the students Think critically, Work collaboratively, Participate fully, Behave ethically, Ask and answer high-level questions, Support their ideas with evidence, and Evaluate and assess their own work. The Spider Web Discussion is a simple technique that puts this kind of class within every teacher's reach. The name comes from the weblike diagram the observer makes to record interactions as students actively participate in the discussion, lead and support one another's learning, and build community. It's proven to work across all subject areas and with all ages, and you only need a little know-how, a rubric, and paper and pencil to get started. As students practice Spider Web Discussion, they become stronger communicators, more empathetic teammates, better problem solvers, and more independent learners—college and career ready skills that serve them well in the classroom and beyond. Educator Alexis Wiggins provides a step-by-step guide for the implementation of Spider Web Discussion, covering everything from introducing the technique to creating rubrics for discussion self-assessment to the nuts-and-bolts of charting the conversations and using the data collected for formative assessment. She also shares troubleshooting tips, ideas for assessment and group grading, and the experiences of real teachers and students who use the technique to develop and share content knowledge in a way that's both revolutionary and truly inspiring.

Alfa Romeo 916 GTV and Spider Jun 26 2022 Alfa Romeo 916 GTV and Spider traces the complete story of the Alfa Romeo GTV and Spider models produced between 1994 - 2005, commonly known to enthusiasts by the manufacturer's project code as the 916 series. The 916 models would always be controversial - they replaced the iconic Spider, the best-selling Alfa Romeo sports model of all time, and the brand-establishing Alfetta GTV. Sharing components and a platform with a humble Fiat hatchback, would the cars ever be considered 'real' Alfa Romeos? The cars were critically acclaimed, and, though they faced tough competition in the late 1990s from the likes of the Audi TT, they remained in production for over a decade. Topics covered include: Full history of the 916 series GTV and Spider models; Design, development and evolution of the models from 1994 - 2005; Participation of the GTV in motorsport; Model variations in depth through all three facelifts; Previously unpublished production figures, and chassis numbers for the desirable, limited-edition GTV Cup model. Comprehensively researched guide to the entire lifespan of the 916 series. Will appeal to Alfa Romeo and automotive enthusiasts. The history and design process are examined along with an in-depth guide to each of the model variants produced. The cars' current position in the classic car market is considered. Superbly illustrated with 240 colour photographs. Robert Foskett is a life-long Italian car enthusiast with a special interest in Alfa Romeo.

Alfa Romeo TZ-TZ2 Jan 10 2021 Having left motor racing in the early 1950s - at least officially - Alfa Romeo returned to the sport once again at the start of the following decade due to the commitment and enthusiasm of Autodelta. This Alfa offshoot distinguished itself by preparing and racing about 30 of the manufacturer's different cars that really did make history. Among them, the Giulia TZ holds a place at the head of the crowd. It had a 1.5-litre, 113 hp engine from the Giulia SS, front and rear suspension of modern conception, disc brakes and an especially bold body shaped by Zagato on a modern tubular chassis. Those were the strong points of this car, which scored results of absolute prestige in its brief career at Sebring, in the Targa Florio, the 24 Hours of Le Mans and the Tour de France. Vito Witting da Prato, already the author of a meticulously written book on the Alfa Romeo SZ, covers the winning, human, technical and sporting factors of this unforgettable car in a monumental work. A book which, to the precise text and painstaking historical reconstruction, has been added illustrations of previously unpublished pictures and technical designs by Autodelta.

Running with the Champ Feb 08 2021 The "affectionate...charming" (Kirkus Reviews) story of Tim Shanahan's remarkable and little-known forty-year friendship with boxing legend Muhammad Ali, filled with stories never told as well as never-before-published personal photos. In 1975, Tim Shanahan was a medical instruments salesman living in Chicago and working with a charity that arranged for pro athletes to speak to underprivileged kids. Muhammad Ali had just reclaimed his title as heavyweight champion of the world by defeating George Foreman (the "Rumble in the Jungle") and then successfully defended it in a rematch against Joe Frazier (the "Thrilla in Manila"). When Shanahan learned Ali was planning a move to Chicago, he contacted the Champ to ask whether he would participate in the charity program. Not only did Ali agree, he invited Shanahan to his new home, where the two spent a night talking, laughing, and bonding over bowls of ice cream—the beginning of an incredible friendship. Ali soon enlisted Shanahan as his early morning running partner. Quickly, Shanahan became a trusted confidant and travel companion, and Ali often stunned strangers by introducing Shanahan as his cousin. The two grew even closer over family dinners with Shanahan's wife, Helga, and Ali's wife, Veronica. Shanahan was with Ali as the Champ trained for his legendary battles with Ken Norton, Earnie Shavers, Leon Spinks, and Larry Holmes, and moved to Los Angeles with Ali when the Champ prepared for a life after boxing. Shanahan was a recipient of and witness to Ali's tremendous generosity, and as Ali's health began to deteriorate, Shanahan had a chance to return the favor, encouraging and comforting his ailing friend. *Running with the Champ* is an insightful personal portrait of the Greatest of All Time. But, above all, it is a touching, candid narrative of an extraordinary friendship that continued until Ali's death.

Alfa Romeo Series 105 Spider Sep 29 2022 At the heart of all Alfa Romeo cars is a design philosophy that makes them true drivers' cars and one reason to own a classic Alfa is to enjoy a driving experience that is no longer available from modern vehicles. The Alfa Romeo 105 series Spider first appeared in 1966 and is one of the most admired drop-head sports cars to come out of Italy, however its radical new look was not immediately welcomed. As prospective buyers gradually warmed to the model, enhancements were introduced including more powerful engines and higher-spec body and interior fittings. Despite its inauspicious start, production of this much-admired car lasted for twenty-seven years, finally stopping in 1993. Jim Talbott and Andrew Brown pay homage to the 105/115 series Alfa Spider.

Alfa Romeo Monza Jul 04 2020 This book tells the remarkable history of an Alfa Romeo Monza and its characterful drivers and owners, some with life stories worthy of a movie script. Built in 1933, '221130' was raced that year by the Hon. Brian Lewis and won its debut at Brooklands and the arduous Mannin Moar race on the Isle of Man. The car continued to be raced until the war by John Cobb (1934) who later was a land speed record holder, Luis Fontes (1935) who was also an aeroplane racer, Anthony Powys-Lybbe (1936-37) and Fay Taylour (1938) who was interned during the Second World War for her Fascist links, at venues as diverse as Vila Real (Portugal) and Phoenix Park (Ireland). Post-war, a succession of notable owners included Peter Hampton, the Hon. Patrick Lindsay and Hubert Fabri, all passionate collectors, to arrive at its status today as one of the more important surviving Monzas, and a car with so much charisma and historic interest that it is a most worthy addition to the acclaimed 'Great Cars' series
