**Fernando Pessoa Nov 24 2021 Writing a biography about Pessoa is a seemingly impossible task. The great Portuguese poet did not have just one life, but his existence virtually exploded in over a hundred different personalities. Only by placing oneself close to Pessoa, only by becoming almost one with him, is it possible to trace the life of this poet who was himself a multitude. José Paulo Cavalcanti has done such a thing, sewing together a path that runs through Pessoa's multiple voices and personalities, seamlessly moving in and out of the poet's work, daily habits and interactions. Following the great success of the Brazilian edition, Fernando Pessoa. A quasi Memoir is the first English translation of the book, and it provides new insights on the complex nature of the Portuguese poet.**

**Going Under Dec 14 2020 He's fast. He's nervous. He's outrunning family and friends. Xavier Cuevas is on the treadmill in blind pursuit of the American Dream. Going nowhere. Going under. He can't please anyone—not his Cuban parents nor his Anglo ex-wife—and least of all himself. Wedged between two cultures, two sets of ethics and expectations, Xavier is having trouble keeping step with the frenetic bi-cultural mambo he is caught up in. Virgil Suárez's fourth novel, *Going Under*, spins the compelling tale of a broken family, shattered dreams, a fragmented existence and a Cuban yuppie who has little else to show for all his efforts. Xavier is as lost in the past as his parents are. He's as disoriented in the present as most of mainstream America is. He certainly has no time to think about the future. *Going Under* is a clever and disturbing parable of these disquieting times when standing still means losing ground and ultimately "going under"—economically, physically, culturally. With this brilliant fast-paced novel, Suárez attains a higher ground for the Cuban-American novel. Suárez's sparse, elegant prose lures us with a cool and witty portrayal of Xavier and Miami's Cuban personality. As his cinematic style beckons, the reader can't help but cruise along those hot Miami boulevards and observe the human tragic comedy as it unfolds in pastel colored flashes. *Going Under* is a riveting ride that shouldn't be missed.**

**I Laugh, 'cause I Hate to Cry Jun 07 2020 I Laugh, 'Cause I Hate to Cry is a collection of Pulkita Rawat's poems and other writings, which she has composed while soaking in the travails of coming of age. A spirited young writer who absorbed sensitivities far beyond her age in her creations. Characterised by vivid descriptions of varied emotions the youth goes through. From love and longing to existential reflections, from warmth of friendships to depths of depression and from boisterous pleasures to cruel realities. The book explores the crests and troughs of human relationships and the writer's quest for purpose in life. A gifted writer, Pulkita has made the simplest of emotions glide high using literary machinations. The words are honest, the emotions true and expressions personal. It's a book that transcends generations and will connect to both the millennials and old alike.**

***Marine Macro- and Microalgae* Aug 10 2020 The marine environment accounts for most of the biodiversity on our planet, while offering a huge potential for the benefit and wellbeing of mankind. Its extensive resources already constitute the basis of many economic activities - but many more are expected in coming years. This book covers current knowledge on uses of marine algae to obtain bulk and fine chemicals, coupled with optimization of the underlying production and purification processes. Major gaps and potential opportunities in this field are discussed in a critical manner. The current trends pertaining to marine macro- and**

microalgae are explained in a simple and understandable writing style. This book covers a wide variety of topics, and as such it will be appropriate as both student text and reference for advanced researchers in the field.

*Reflected in Water* May 19 2021 Contributed articles with reference to the state of Goa, India.

*Tanegashima - The Arrival of Europe in Japan* Jul 29 2019 The year 1543 marked the beginning of a new global consciousness in Japan with the arrival of shipwrecked Portuguese merchants on Tanegashima Island in southern Japan. Other Portuguese soon followed and Japan became aware of a world beyond India. After the merchants came the first missionary Francis Xavier in 1549, beginning the Christian century in Japan. This is not a new story, but it is the first time that Japanese, Portuguese and other European accounts have been brought together and presented in English. Their arrival was recorded by the Japanese in *Tanegashima kafu*, the *Teppoki* and the *Kunitomo teppoki*, here translated and presented together with European reports. Includes maps, and Portuguese and Japanese illustrations.

***The Ethical Challenges of the Stem Cell Revolution* May 07 2020** Stem cells, particularly pluripotent stem cells, hold significant promise for developing therapies for diseases and disorders for which there are no current treatments and for regenerating human cells, tissues, and possibly even organs. However, to be able to translate stem cell research into therapies, researchers must first address many scientific, ethical, and regulatory hurdles. The need for researchers and sponsors to demonstrate progress and the hopes of patient groups for new therapies have pressured researchers to move quickly into clinical trials and encouraged the opening of clinics offering unproven and unapproved stem cell treatments. This book tells the story of the development of the field, and identifies the ethical issues and challenges stem cell translation raises. It will be of interest to ethicists, scientists, and regulators working in the stem cell field, as well as the general reader following scientific developments.

**War and Trade in Maritime East Asia Apr 29 2022** This book is divided into two parts. One is the state of trade in East Asia before and after the collapse of the tributary system to the Ming Dynasty, and the other is the war of aggression in which Toyotomi Hideyoshi of Japan sent a large number of troops to the Korean Peninsula with a view of conquering China at the end of the sixteenth century. With regard to East Asia in the sixteenth and seventeenth centuries, the contributors in this book share a problem awareness in terms of using trade and war as subjects to clarify multi-ethnic, borderless, and multi-layered situations. Although there are many chapters related to Japan, this book tries to grasp the interaction between Japan as a region of East Asia and neighboring countries from a
